

**Friend of the Drake Public Library
Fall Newsletter 2020**

Dear Friends,

Needless to say, these are unprecedented times. But the Drake Public Library continues to serve the community! Curbside pickup and access to the library by appointment are available. New books, audiobooks, magazines and DVDs arrive routinely. Online resources, like Bridges through Libby, are available to anyone, anywhere.

There was no Summer Reading Program but Silly Summer Activity Bags were available for our youth. Since there are no after school activities at this time, Winter Fun Activity Bags are being offered in December and January. Families can contact the library at 856-6676 in order to schedule a time to pick up an activity bag from the children's librarians. The Friends of Drake Public Library are proud to be able to fund this program to keep literacy and fun available to our youth.

The Friends group has not met formally since March but we continue to provide funds for many necessary items for which the library's budget cannot provide. Memberships and sponsorships are a big part of our funding. Please consider renewing your Friends of the Drake Public Library membership or being a sponsor for 2021. The necessary forms are included with this letter.

Thank you for your continued support of the Friends of Drake Public Library!

Sincerely,

Sue Sacco, FDPL President

Winter Fun Activity Bags ready to be filled!
